

CLASS : VI (S. St.)

Draw all diagrams on A4 sheets.

1. Prepare diagrams of the planets in the order of their distance from the sun.
2. Prepare a list of conventional symbols.
3. Draw a diagram of important lines of Latitude and The Heat Zone, Longitude.

Refer Pg. – 17 Political map of India – State and Capital and Union Territories and Capital.

World Map – Oceans and Continents.

Refer Pg. – 75 Solve Crossword.

Learn work done in Social Science note book.

Class : VI

SUB. – SCIENCE

1. In some cities, a twin bin system has been introduced for welfare of environment. (Do you know – Page 4 of my living world of Science) Make a twin bin to show this system.

Procedure :- Take empty boxes. Either in square or round. For example – The empty card board boxes of chocolates etc. Now take a cardboard as base. Then fix the two boxes on it. Colour one box with blue and one with green. Now we can tell that the biodegradable waste will be put in green bins and non biodegradable waste will be kept in blue bins. On each bin it will be written as biodegradable and non biodegradable.

3. List examples of food items, belonging to the different food groups, listed in the following table.

Carbohydrate Rich Food Items

Protein Rich Food Items

Food Items Rich in Fats

Dairy Products

Food Items that provide Minerals and Vitamins

Prepare your own meal plan, by choosing the food items from the above table, so that they form a balanced diet for you.
